National Pet Dental Health Month Checklist

Psst!! We also recommend passing through this check list after the dental month. Chances are some of your material may not be in as good condition as it used to, or maybe you realized it would be of a great help to get new equipment for your next cases!

Equipment	I have it!	I need a new one	It needs to be evaluated by a certified technician
Dental light			
Dental table			
Anesthesia machine			
Vaporizer			
Monitoring			
Patient warming system			
Oxygen and scavenging			
Dental X-Ray			
X-ray gounds			
Dental delivery unit			
High Speed and Low Speed handpiece (we recommend having one of each additional for backup)			

Equipment	I have it!	I need a new one	It needs to be evaluated by a certified technician
Sterilization Equipment			
Magnification loupes			
Burs of various size (bur kits are a good option to try different sizes/models)
